Part 2 — Language page (“Tips for Spanish speakers”)

Text	Check	Correction / comment
Estos son los puntos más importantes para los hispanohablantes que aprenden inglés hablado.	☐ OK ☐ Fix	
Sounds to practise B, V and W — three different sounds No extra e before s + consonant: school, Spanish, student /z/ with a buzz, and SH vs CH (ship/chip) Vowels: ship/sheep , cat/cut/cot , food/good Rhythm English is stress-timed — make small words very short. Grammar and words Always use a subject: It’s raining. It’s important. No article for general ideas: Life is hard. Present perfect + for/since False friends: embarrassed, actually, attend, carpet Good news The Canadian flap T (water, city) is the Spanish single r in pero .	☐ OK ☐ Fix	

Part 3 — Tips inside lessons (written in simple English)

#	Lesson	Tip	Check	Correction / comment
1	Consonant Sounds	Spanish /p t k/ have no puff of air. Spanish b and v are the same sound — English needs two different sounds. Spanish adds e before s + consonant: “estudent”, “espeak”, “Espanish” → start directly with the s: sssstudent . And /z/ (zoo, easy, is) needs a buzz — in most Spanish it doesn’t exist.	☐ OK ☐ Fix	
2	TH: think and this	If you are from Spain, you already have /θ/ (cinco, zapato) — use it! Latin American speakers often say t/d or s. And /ð/ (this) is very close to the soft d in Spanish nada .	☐ OK ☐ Fix	
3	W vs V	In Spanish, b and v are one sound. In English there are three different sounds: V (teeth on lip) — very, vote ; B (both lips) — berry, boat ; W (round lips) — west, wine .	☐ OK ☐ Fix	
4	English H and R	Spanish j scrapes in the throat. English H is only breath. Also, Spanish h is silent — but English H is pronounced (except in hour, honest).	☐ OK ☐ Fix	

5	The Canadian T	Good news: the Canadian flap T in water and city is almost exactly the Spanish single r in pero or cara !	☐ OK ☐ Fix	
6	Final Consonants: bag / back	Spanish words rarely end in groups of consonants, so -s and -ed endings get lost. Remember: worked = “workt”, asked = “askt” — one syllable.	☐ OK ☐ Fix	
7	Short and Long Vowels: ship / sheep	Spanish has five vowels, and Spanish i is close to /iː/. English /ɪ/ is new: ship, live, sit — short and relaxed. The same for u : food (/uː/) vs good (/ʊ/).	☐ OK ☐ Fix	
8	cat / cut / bet	Spanish a covers English /æ/ (cat), /ʌ/ (cut) and /ɑ/ (cot) — so all three can come out the same. Practise them until you hear three different words.	☐ OK ☐ Fix	
9	Rhythm: English Keeps the Beat	Spanish is syllable-timed — every syllable takes about the same time. English is stress-timed: make the small words very short and weak.	☐ OK ☐ Fix	
10	Articles: a, an, the — or nothing	Spanish uses the article for general ideas; English doesn’t: La vida es difícil → Life is hard ; Me gusta el café → I like coffee .	☐ OK ☐ Fix	
11	Present: Simple vs Continuous	Spanish can drop the subject: Es importante. Llueve. English always needs one: It ’s important. It ’s raining.	☐ OK ☐ Fix	
12	Present Perfect vs Past Simple	Vivo aquí desde hace dos años → I’ve lived here for two years (not “I live here since two years”).	☐ OK ☐ Fix	
13	Words That Go Together	False friends: embarrassed = avergonzado (embarazada = pregnant !); actually = en realidad (actualmente = currently); attend = asistir (assist = ayudar); sensible = sensato; carpet = alfombra (carpeta = folder). Also: “I have 30 years” → I’m 30 ; “make a party” → have a party .	☐ OK ☐ Fix
