Sounds to practise F vs P (food/pood) and V vs B (very/berry) TH (think, this), Z, SH Vowels: ship/sheep , pull/pool , cat/cut/cot Grammar to watch he vs she in speech -s with he/she/it Present perfect for experience and duration Words Philippine English words that Canadians may not know: CR, xerox, ref, “for a while” — see Words That Go Together . Good news The Canadian flap T (water, city) sounds like the Tagalog single r .	☐ OK ☐ Fix	

Part 3 — Tips inside lessons (written in simple English)

#	Lesson	Tip	Check	Correction / comment
1	Consonant Sounds	Many Filipinos already speak English well — great! Common sound swaps to watch: f → p (“pood” for food), v → b (“bery” for very), z → s, sh → s (“sip” for ship), th → t/d. English /p t k/ also need a stronger puff of air.	☐ OK ☐ Fix	
2	TH: think and this	TH is often said as t or d: “tree” for three , “dis” for this . Put your tongue between your teeth and blow.	☐ OK ☐ Fix	

3	W vs V	Tagalog has W but no V, so V often becomes B: “bery” for very , “bote” for vote . For V, your top teeth touch your bottom lip.	☐ OK ☐ Fix	
4	The Canadian T	Good news: the Canadian flap T in water and city is very close to the Tagalog single r in baro .	☐ OK ☐ Fix	
5	Final Consonants: bag / back	Watch -s and -ed endings, especially in fast speech: he works , she asked (“askt”).	☐ OK ☐ Fix	
6	Short and Long Vowels: ship / sheep	Tagalog i covers both /i:/ and /ɪ/, so ship/sheep and live/leave can sound the same. Keep ship short and relaxed. The same for u : pool/pull , food/foot .	☐ OK ☐ Fix	
7	cat / cut / bet	Tagalog a covers /æ/ (cat), /ʌ/ (cut) and /ɑ/ (cot). Practise all three.	☐ OK ☐ Fix	
8	Rhythm: English Keeps the Beat	Tagalog is syllable-timed. In English, make the small words shorter and weaker, and stretch the stressed syllables.	☐ OK ☐ Fix	
9	Articles: a, an, the — or nothing	Tagalog ang , ng and sa don’t work like English articles. Use the quick test in this lesson to choose a/an, the, or no article.	☐ OK ☐ Fix	
10	Present: Simple vs Continuous	Tagalog siya means both he and she , so he/she mix-ups are very common in speech. And remember -s with he/she/it: She work s nights.	☐ OK ☐ Fix	
11	Present Perfect vs Past Simple	Tagalog shows aspect, not tense. For life experience and situations that continue until now, English uses the present perfect: Have you ever been to Banff? I’ve lived here for two years.	☐ OK ☐ Fix	
12	Words That Go Together	Some Philippine English expressions confuse Canadians: “open/close the light” → turn on/off the light; “for a while” (= wait) → just a moment ; “CR / comfort room” → washroom ; “xerox” → photocopy ; “ref” → fridge ; “I’ll go down here” (from a bus) → I’m getting off here .	☐ OK ☐ Fix	
13	What Makes Canadian English Canadian	Philippine English is close to American English, so most Canadian words will be familiar. The biggest differences: washroom (not CR), spelling like colour and centre , and Canadian words like toque and loonie .	☐ OK ☐ Fix
